HAW IS PLEASED JURY IS COMPLETED

Seems to be Very Anxious For Trial to Begin.

NO MORE CHANGES EXPECTED.

Will Offer But Little Testimony, Showing That Thaw Killed White, Citing or Naming, How, White, Citing Details of the Crime.

New York, Feb. 4.—At last the that is to try Harry K. Thaw for murder of Stanford White is com- and the prospects are good that taking of testimony, will begin nday, to which day the court ad- rned after Friday's session.

There was some talk in the court after adjournment that there ght be a further weeding out of umber of jurors. This talk was mpted by a request of District At- ney Jerome that the talesman re- ining in the last panel be instruct- to be in court Monday. But mak- the request Mr. Jerome said he d not suspect further delay. Later was thought that the request for talesmen was simply a precau- nary movement as Mr. Jerome in- ded to continue his search of the ords of the jurymen during the ad- rnment. Whether the jury as w constituted will stand or not, de- nds on this investigation.

It has been believed that the case the state against Thaw would be ickly presented, but in his state- ent just before the adjournment Mr. rome indicated that it would be even iefer than expected.

"I would like to say," declared Mr. rome, "that the case of the peo- le will be ready on Monday morning d that the people will open and ose on Monday morning. I say this at the defense may have its case ady to follow."

This was taken to indicate that the istrict attorney intends to open the rosecution with the bald establish- ent of the fact that Thaw killed White, and fixing of the time and lace. It is expected that he will ut on three or four witnesses, and that one or more of them, probably the policeman to whom Thaw sur- endered, and the sergeant of the Tenderloin station who took Thaw's edigree, will testify as to Thaw's pparent sanity.

The heat of the battle will be on the testimony after the defense has met the opening testimony presented by the prosecution. Mr. Hartridge has re-summoned over fifty witnesses. Many of these may never be heard of in the trial. If as has been suggested, Mr. Hardtridge meets the establishment of the prosecutor's case with evidence to show that Thaw was insane at the time he killed White, the district attorney would have a chance to call his alienists, who have been in constant attendance since the selection of the jury. The defense in turn will be able to bring on their corps of experts in mental diseases.

During the closing scenes of the jury choosing, Thaw watched every movement of the representatives of the people as well as of his own counsel. He was keenly alert to each question as stated by Mr. Jerome or by Mr. Garvan the assistant. Each talesman as he took the witness chair for examination, was scrutinized closely by the prisoner. The mother of the accused man was not present, but his two sisters, the prisoner's wife and May McKenzie were sitting near him, and all of them joined him in the close scrutiny of the talesmen.

Thaw expressed satisfaction when the jury box was filled, saying:

"Well, I am glad that part of the business is over."

He is apparently keen for the real fight to begin. He expects to go free as a result of the trial and this accounts for his eagerness for the testimony to begin.

While none of the plans for the defense have been divulged, it is the generally accepted belief that Thaw will take the witness stand in his

TWO BIG MURDER CASES.

Nephews of Senator Money and Governor Vardaman's Wife on Trial.

Jackson, Miss., Feb. 4.—Hon. R. N. Miller, of Hazlehurst, passed through the city en route to Water Valley, where he appears as chief counsel for the defense in the case of Jerry Robinson, Jr., charged with the murder of Smith Murphy, a prominent delta planter and member of the Mississippi levee board, which was commenced in the Yalobusha county circuit court Friday morning, having been carried to that tribunal on a change of venue from Tallahatchie county, where the crime occurred.

Robinson belongs to one of the leading families of the state, and is a nephew of the wife of Governor Vardaman, while his victim was one of the wealthiest and most highly respected citizens in that section of Mississippi.

Another noted murder trial has been set for an early hearing. A special venue has been granted.

James D. Money, Jr., nephew of Senator H. D. Money, and cousin of Governor Vardaman, goes on trial Tuesday, Feb. 5, at Greenwood, and in this case Hon. R. N. Miller will appear as chief counsel for the prosecution, having been retained in this capacity by the family of Money's victim, Mr. L. J. Henderson, a well known planter of Leflore county.

While trouble has been feared at this trial, it is understood that members of both families involved have given pledges to let the law take its course and bury the feud that had existed for several years prior to the tragedy.

Terrible Catastrophe Prevented.

Davenport, Iowa, Feb. 4.—Passengers on the Golden State Limited, the Rock Island's California Flyer, were saved from being thrown into the Mississippi river off the high government bridge here by the fact that the girders of the bridge were strong enough to uphold the train, several coaches leaning on the girders when it came to a stand still. Just after the engine had passed into the bridge, the journal of the tender broke, throwing it and all the coaches but the last one from the rails. The train was behind time and going at a rate that carried nearly all the coaches onto the bridge before it was stopped. Their zig-zag course over the ties carried them against the sides of the bridge and only twice the fact that it is the strongest structure on the river, prevented a terrible catastrophe. The passengers were panic stricken but were quieted when the train came to a stop.

Seeks Divorce; Goes to Grave.

Yankton, S. Dak., Feb. 4.—Geo. H. Meyers, a multi-millionaire, of New Orleans, died here suddenly. On his person was found Standard Oil stocks valued at $1,000,000. Mr. Meyers came here nearly six months ago with the intention of securing a divorce from his wife. He still lacked one week before he would have become a citizen of the state, when his divorce petition would have been filed. Arrangements had already been made to have the case tried at once. Nothing is known here of Mr. Meyers' wealth with the exception of the fact that in his pockets, after death, was found Standard Oil stock valued at a million dollars.

Twelve Cars Drop in River.

Raleigh, N. C., Feb. 4.—The Seaboard Air Line brige over the Roanoke river near Norlina, N. C., gave way under a double-header freight train bound south from Richmond. Both locomotives and twelve freight cars dropped into the river. Engineer Curtis Constable, whose home was Union Hill, N. J., was so badly injured that he died while being brought to this city. Fireman Riggan was killed. The bridge is a complete wreck. Several days will be required to repair it. In the meantime all the north and south bound Seaboard trains are detoured over the Atlantic Coast Line tracks from Richmond to Weldon, N. C.

Naval Aides to President.

Washington, Feb. 4.—Lieutenants C. B. Miller and B. C. Bulmer, U. S. N., on duty in this city, have been ordered to additional duty as naval aides to the president at the White House.

PROMINENT LAWYERS JAILED FOR CONTEMPT

Put Telephone In Their Cell Which Judge Removed.

LEGISLATOR ONE OF PRISONERS

Claude Peyton and C. E. Hays Are the Two Prominent Lawyers Who Have Been Jailed—Ordered to Pay a Fine or Go to Jail.

Tifton, Ga., Feb. 4.—Worth superior court was in session in Sylvester this week, Judge W. N. Spence presiding. The sensation of the week was the fining of Attorneys Claude Payton, C. E. Hay and J. A. Comer for contempt of court. Colonel Payton is representative elect for Worth county and Colonel Hay also resides at Sylvester. Colonel Comer lives at Ashburn in Turner county.

The ruling for contempt grew out of the case of Nipper versus Nipper suit for divorce and alimony from Turner county. Messrs. Payton, Hay and Comer representing the defendant, and an order was issued by Judge Spence requiring said defendant, Mr. Nipper, to filed a condemnation money bond for $500 for his appearance at the hearing. This order the defendant's attorneys objected to, and after making a verbal application before Judge Spence for a modification thereof, they brought a petition in habeas corpus before Judge Pearce of the city court of Sylvester, praying that the defendant be released from custody on his filing a statutory bond for his appearance.

This petition seems to have been rather salty in character, in which matters personal and otherwise, were touched up in a pretty lively manner. So severe was it that Judge Park ordered objectionable language expurged from the records in the case, and then granted the petition releasing the defendant when the statutory bond was filed. Judge Spence ordered the attorneys before him to show cause why they should not stand in contempt of court, because they brought petition to set aside the ruling of the higher court before an inferior court. When the petition should have been brought before the court by which the order was granted.

The attorneys were adjudged in contempt and fined $75 or ten days in jail each. Colonel Comer was away at the bedside of his father, who is at the point of death, and outside of the jurisdiction of the court.

Colonel Payton and Colonel Hay chose to serve the jail sentence in preference to paying the fine, and are now in prison, having already served two days of their time. It is said when they were first imprisoned they ordered up a writing desk, books and stationery to carry on their business and had a telephone put in, so that they might communicate with their clients.

This Judge Spence countermanded as soon as he learned it was being done. The situation is said to be very strenuous in the county of Worth and the war clouds are lowering around the temple of justice in Sylvester. No man in the state is better known in politics than Judge Spence, whom current rumor associates with the race for congressman from the second Georgia district two years hence.

Colonel Payton was nomiated for representative from Worth county at the last democratic primary after a spirited contest, and Colonel Comer is a very prominent member of the Turner county bar. The affair has caused a good deal of feeling between friends of both parties, both Judge Spence and the lawyers being very popular in Worth. The strenuous feeling among friends of the parties is offsent by a feeling of amusement in the public mind at the rather novel situation. There is no doubt but Judge Spence thought the fine would be paid, but the attorneys in contempt considered it unjust, and as they could not be made to pay it, went to jail.

On the other hand the attorneys thought they could equip their room in the jail as an office and continue to transact their business, but this Judge Spence promply stopped by an order that they fare exactly as the other prisoners.

PLOT AGAINST EMPEROR.

Search for Purchaser of Uniform of Cossack Escort.

St. Petersburg, Feb. 4.—A Plot evidently directed against the emperor came to light through orders issued to the secret police to use every effort to identify the purchaser of a uniform of his majesty's own Cossack escort, which was captured during a recent raid. Detectives have been directed to visit every tailor in St. Petersburg and the searches can be extended to the provinces. The use of regulation uniforms is a favorite device of the terrorists. It was employed in the attempt against the life of Premier Stolypin and in the assassination of Military Professor Pavloff. The Cossack garb is an open sesame to the precincts of the palaces at Taarskoe-Selo and Peterhof.

Railway Lines Will Merge.

New York, Feb. 4.—At a meeting of the directors of the Mexican Central Railroad company further consideration was given to the terms of exchange which are to be offered to the companies security holders in connection with the merger with the Mexican Central lines with those of the national railroad to Mexico. It was learned, after the meeting that an announcement in regard to the details of the merger may be issued shortly.

Leave London for Paris.

London, Feb. 4.—King Edward and Queen Alexandra left London for the city of Paris Saturday morning, traveling incognito as the Duke and Duchess of Lancaster. This is the queen's first visit to Paris since 1889, when, as Princess of Wales, she visited the exhibition. Ase their majesties desire the trip to France to be as private as possible there was almost an entire absence of ceremony on their departure.

Introduction of Universal Suffrage.

Stockholm, Sweden, Feb. 4.—The bill promised in the speech from the throne at the opening of parliament, providing for the introduction of universal suffrage and a proportional electoral system for elections to the second chamber, was introduced in parliament Saturday. The members of the upper house will continue to be chosen as at present, but the term of service will be reduced from nine to six years.

Is Accidentally Killed.

Knoxville, Tenn., Feb. 4.—J. A. Chandler, president of the Greenville Industrial colege, a negro institution of Greenville, Tenn., was accidentally killed while handling a pistol. The dicharged bullet penerated his heart, killing him instanty. The college is an institution of the Zion M. E. church, colored. Chandler came to Greenville from a northern city.

Child Dies as Result of Burns.

Rutledge, Ga., Feb. 4.—The 5-year-old child of John H. Stapp, near this place, died Friday after one day of intense suffering from burns received while with her mother in the field burning cotton stalks. The child's clothing took fire and was not extinguished until fatally burned. Her mother was burned badly in trying to extinguisheh the flames.

Numbers of Miners Killed Annually.

Harrisburg, Feb. 4.—The annual consolidated returns to the state department of mines for the year 1906 show that 557 mine workers were killed in the anthracite region and 464 in the bituminous regions of Pennsylvania during that period.

Bishop Stang Dead.

St. Paul, Minn., Feb. 4.—A telephone message to the Associated Press from Rochester, Minn., conveys the information that Bishop Stang, of Fall River, Mass., who underwent an operation at St. Mary's hospital there recently, died Saturday.

Found Dead In Room.

Cuthbert, Ga., Feb. 4.—Colonel Eugenius L. Douglas, an aged and prominent lawyer, was found dead in his rooms here.

RIVER AT MEMPHIS HIGHEST ON RECORD

Gauge at This Point of River Records 40.2 Feet.

GREAT APPREHENSION IS FELT

Hundreds of Men Have Been Re-inforcing the Long Strip of Levee near Holly Bush and Building Them Higher—Negro Section Flooded.

Memphis, Tenn., Feb. 2—The river gauge marked 40.2 feet here Saturday, which is the highest stage ever recorded.

The former high water mark was 40.1 feet made in 1903 when such damage was wrought by the breaking of levees at several points. Reports from Holly Bush, Ark., today say that the levee there continues to hold, despite the apprehension felt by the engineers on Friday. For many days the labor of hundreds of men has been concentrated upon the reinforcement of a strip of low, soggy levee extending fully half a mile above Holly Bush, and as the waters climbed inch by inch the workmen built the embankments higher. A supreme effort will be made to hold this levee, and if successful, it is now believed the waters of the Mississippi river will be kept in their channel to the gulf.

A telegram from Helena, Ark., says the situation there is unchanged.

Several sensational reports have been sent from there telling of an alarming condition but reliable dispatches state that all levees are holding out well and the only trouble has been the collapse of a small protection levee in North Helena which has flooded the negro section.

At Memphis several city blocks are under water because of the giving way of an auxiliary levee Friday in the northern part of the city.

Many people went to their work on Saturday morning in skiffs.

Street car service has been partially abandoned in the flooded district, but the situation is not regarded as serious.

The river, it is expected, will begin to fall here Monday, and the water in the streets will rapidly recede through the many bayous.

Natchez, Miss., Feb. 4.—The river gauge at 8 o'clock Saturday morning read 46.2 feet. Two barges of lumber to be used for protection of the levees were sent over to the opposite side. The telephone connection on that side are perfect and the lumber will be rushed to the weak points as soon as they develop. A report from Bougere, La., says that the Texas and Pacific railway trestle there will be saved.

Police Chief Returns to Duty.

Macon, Ga., Feb. 4.—Chief of Police Granville Conner, who has been confined to his room for several days on account of a severe illness, has returned to his post. Friday was his first time out since his attack. He will soon gather strength enough to enter steadily upon the duties of his office. He has been detained for several days at his home and his fight with the attack was a tedious one. He only remained at his office a short time Friday, but will be out regularly.

Injured in a Wreck.

Johnstown, Pa., Feb. 4.—While the first section of Train No. 22, the Manhattan Limited, was speeding east over the Pennsylvania railroad early Saturday it ran into an empty engine near Conemaugh. Eleven passengers asleep in their berths were injured, and four trainmen were hurt. All the injured passengers suffered only sprains of either the neck or back, or both, owing to the sudden stop of the train which threw them against the end of the berths.

Verdict in the Barry Case.

Bremen, Ga., Feb. 4.—At Buchanan the jury in the case of W. D. Barry, who killed Ollie Gentry last March, returned a verdict of involuntary manslaughter. The jury was out five hours. Gentry was a nephew of Barry.

UCCESSFUL MEETING WILL CLOSE TODAY

nday's Services of the Culpeppers Were Largely Attended.

ABERNACLE WAS CROWDED

the Evening the Big Auditorium Was Filled Shortly After 7 O'Clock, and Many Who Arrived Late Compelled to Stand—Last Service Tonight.

The Culpepper meetings seem to be growing in fervor and interest from day to day, and it is to be regretted that tonight will bring the services to a end here, as considerably more than a hundred have already confessed Christ during the two weeks, and many others are under conviction. It was one of the most glorious meetings when Mr. Culpepper held his services here about twenty years ago, and a meeting which will be long remembered, and for which the people of Gainesville will long be thankful.

Sunday morning the services were held in the First Methodist Church. Rev. Dan the elder Culpepper preached. As usual, his sermon was full of logic, during which he managed to drive the truth and conviction home to many. Notwithstanding that services were held at all other churches, the Methodist church was filled to such an extent that there was not standing room, and many people were turned away.

In the afternoon, at the Tabernacle, Burke Culpepper preached a wonderful sermon to a large congregation, at which many stood and asked to be prayed for. In the evening his father, Rev. J. B. Culpepper, delivered an eloquent and stirring sermon, the theme of which was "The Significance of the Blood." At this service, as early as a quarter past 7 o'clock, the big Tabernacle, which its tremendous seating capacity, was filled, without a vacant seat, save here and there through the building. A number of young men who arrived late occupied seats on a pile of wood which had been stored in the rear of the the building. This meeting was a grand success, and as the best evidence that it was convincing, several came forward for prayer, and many signified their intention of joining the various churches of the city.

Monday afternoon the services were held at the Tabernacle, and were well attended. In the evening the Tabernacle was well filled, despite the blinding rain which prevailed. The elder Culpepper spoke on the danger of procrastination, and for nearly an hour held the closest attention of his congregation.

The engagement should have concluded with last night's services, but owing to the inclement weather, the evangelists were induced to remain for one more service, which will be held tonight. At this service the elder Culpepper will deliver his famous temperance lecture, and every man, woman and child in Gainesville are earnestly requested to be present.

The Culpeppers expect to leave Gainesville tomorrow for Valdosta, Ga., where they have an engagement. Their presence and work has been appreciated here, and the people hope they will come again.

A Prominent Educator

Declares Vinol is the Best Cod Liver Preparation.

There has been a good deal of discussion in Gainesville regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtue; therefore, the following letter from M. A. Cassidy, superintendent of schools, Lexington, Ky., will be read with interest:

"I am pleased to state that after having used and tested the different cod liver oil preparations on the market, I find Vinol to be far superior to them all.

"Vinol built up my system, strengthened my nerves and made a new man of me, and I heartily endorse it as the most efficacious and agreeable cod liver oil preparation on the market."

Our local druggist, Mr. W. M. Johnson, when asked his opinion in regard to Vinol, replied: "We have never sold anything in our store better than Vinol to create strength, cure stomach troubles, chronic coughs, colds, bronchitis and incipient consumption, or to make growing children robust and give strength and vigor to the aged.

"It is for this reason that we offer to return money in every case where it fails."—W. M. Johnson, Druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

ASKS A STRAIGHT QUESTION.

C. C. Pedrick Wants to Know What Board Public Works Proposes to Do.

Editor Sun: I noticed some discussion in your paper in reference to municipal ownership of electric lighting plant, and I, being and agreeing with W. R. Thomas and yourself along this line, desire to ask the Board of Public Works the following question:

"Do you intend buying or building a lighting plant for the city?"

Now, I have the highest regard for each and every member of your honorable board, and thought a year ago that the city would have been operating its own lighting plant before this time.

There was, as I understood it, bonds voted for the purpose—and a sufficient amount, too, and that the Board of Public Works was elected by the people to do this one thing, along with other things, with this bond money.

In conclusion, I wish to assure each and every member of the Board of Public Works that I entertain the most profound respect and confidence in the body, collectively and individually. I only ask this question because a large majority of our citizens are so deeply interested in this matter of public interest.

Very respectfully,
C. C. PEDRICK.

BOARD OF TRADE MEETING.

A Meeting of the Board of Trade and Railroad Commissioners Today.

Secretary B. F. Hampton requests The Sun to announce that a joint meeting of the Board of Trade and the Florida Railroad Commission will be held at the court house at 9:30 o'clock this morning, at which a full attendance is desired, not only of the Board of Trade, but the business men and citizens as well.

At this meeting the question of a union depot will be discussed, and it is expected that some definite action will be taken in this matter, which is one of the greatest of importance to Gainesville at this time.

Remember, the meeting will be held at 9:30 o'clock, and a full attendance is requested.

LIGHTS KNOCK OUT ALL THE PROFITS

That is the View Merchants Are Taking of Business Right Now.

CAN'T STAND THE PRESSURE

Dry Goods, Clothing and Gents' Furnishers Declare With Present Rate They Are Paying For Illumination They Can't Afford to Keep Open.

"There are two or three reasons why we fellows who sell dry goods and clothing and shoes and the like have decided to close up our places of business at 6:30 o'clock every night," remarked a prominent dealer in one of these lines Monday, when he was explaining why it was that his store appeared dark in the evening.

"The first 'kick' we have coming," remarked this dealer, "is the enormous 'gouge' we must stand for light. If we were to remain open after dark with the present rate we are compelled to pay for illumination, we would have to sell on an average a pretty good bill to pay for the lights, and sometimes we don't make it—in fact, in the great majority of cases we don't make it, for the fellow who is intending to buy a pair of shoes, or a hat, wants to look at the goods in the day-light unless he happens to be a fellow who wants a pair of socks or a shirt—because he has forgotten to send his soiled garments to the laundry so long that they have accumulated on him until he has nothing left—and there is really no trade after sunset; in fact, there is not enough to warrant us to keep our places open with light expenses, so we decided to close up at half-past 6 o'clock every night except Saturday until November 1, and save our lighting bill, which is more than we can stand at the present rate."

This will be a fair warning to the young fellow who is after a pair of hose, a shirt, a collar or a handkerchief, to "get busy" before the lights go on.

For Marshal.

I respectfully announce my candidacy for the office of City Marshal at the election on April 9th, 1907. If elected I shall perform the duties of the office without fear or favor.

MELROSE MASONS HAD A BIG TIME

Friday Was a Red-Letter Day For Members of Fraternity.

GRAND MASTER WAS PRESENT

There Were Also Other Prominent Officers of the Grand Lodge, and a Big Supper and Meeting Was Held—Other Notes of Interest.

Melrose, Feb. 4.—February 1st, 1907, will always be remembered by the Melrose Masonic brethren and their friends, as a red-letter day. Not only was the oyster supper given by them a great social as well as a financial success, but also the dedication of their new hall was an important event in the history of the Melrose lodge. The dedication ceremony began at 5 p. m., and was graced by the presence of the Grand Worshipful Master of Florida, Hon. E. E. Haskell of Palatka; Worshipful Master J. Wall and T. Rogers of Putnam Hall. The oyster supper came next in order. The large dining-room of the Huffman House had been beautifully decorated with flags, evergreens and flowers by the following committee of ladies: Mrs. J. A. Remmel, Mrs. E. J. Whitehead, Mrs. O C. Husband and Mrs. J. Paxton, Mrs. von Noszky being prevented by illness from serving. These ladies also had charge of the supper arrangements, assisted by Mrs. A. W. Craig and the Misses L. Jackson. E. Priest, P. Griner, S. Mullin, N. Huffman, L. Yearwood, M. Barnett, C. McRae and P. McMillan. The supper was pronounced by all as one of the finest ever served at the Huffman House, both in quality and quantity, the oysters sent by H. Blake from Sarasota, being especially fine. About 150 suppers were served during the evening. About 7:30 p. m. the Masonic Hall was again filled with a large and appreciative audience who listened with much interest to the fine and eloquent speeches made by Messrs. Haskell, Wall, Rogers, Sistrunk and Whitehead. A most enjoyable dance at the Huffman House wound up this most pleasant day, not a single unpleasant occurrence marring the occasion. The new lodge room is one of the finest equipped and up-to-date in the State. The new regalia was especially admired. Lodge 87, F. & A. M., is now in a first-class condition all-round, the treasury being $55 richer as the result of the supper, after deducting all expenses. Mr. C. P. Huffman, as chairman of arrangements, wishes to express to all and sundry his appreciation for the ready responses and donations for the supper, and to the ladies for their ready help wherever needed.

At the annual business meeting of the Ladies' Literary and Debating Society, held last Friday, the following officers were elected: Mrs. M. S. Caldwell, president; Mrs. J. A. Remmel, vice-president; Mrs. C. S. Brown, secretary, and Mrs. E. J. Whithead, treasurer. A free public lecture will be given a their hall on Friday evening, Feb. 8th, by Mrs. E. M. King. Subject: "Scandal: The Right and Wrong Side."

The martins put in their first appearance on January 31st, fully one week earlier than any time since 1890.

L. Q. McRae and family have removed to the Tuttle cottage. Mrs. Johnston is now with them.

Col. F. M. Tolles and Mrs. Tolles of Nangatuck, Conn., have arrived at Montclair Cottage.

C. Brown, engineer of the Steamer Alert, was taken suddenly very ill on Saturday night. The boat made a special trip Sunday morning to take him to Waldo, so he could be maved to his home at Williston.

Mr. and Mrs. Chas. W. Sweet of Mayo are new guests of the Huffman House. Mrs. Sweet, nee Miss Daisy Westgaard, was born and raised here, and her many friends are glad to meet her again. Mr. Sweet is cashier of the Mayo bank, and is on a three-months' vacation trying to recover from a serious carriage accident.

MEETING BAR ASSOCIATION.

Annual Meeting Held Monday, at Which Officers Were Elected.

The annual meeting of the Gainesville Bar Association was held in the office of County Judge Mason, who is also an attorney, Monday afternoon, and the meeting was largely attended, nearly every member of the local bar being present.

The meeting was presided over by President E. C. F. Sanchez, with Attorney C. R. Layton, the secretary, filling his usual position.

Inasmuch as this meeting was of unusual importance, owing to the fact that officers were to be elected for the ensuing year, a great deal of interest was manifested. During the meeting the following officers were elected for the ensuing term: W. W. Hampton, president; Christopher Matheson, vice-president; C. R. Layton, secretary and treasurer. The latter was re-elected.

In accordance with the by-laws, it is provided that each year an executive committee shall be elected, of which the president, vice-president, secretary and treasurer, with two other members of the association, shall be elected. Attorneys Horatio Davis and Arthur E. Voyle were chosen to serve on this committee with the officers.

The question of a revision of the by-laws was taken up and discussed, which resulted in a motion, which was carried, to the effect that a committee for this purpose be appointed, and Attorneys W. W. Hampton and Horatio Davis were appointed, after which the meeting adjourned subject to the call of the president.

A great deal of interest was manifested at this meeting, which was composed of a number of the most prominent attorneys in Florida.

INTERESTING BUDGET OF NEWS

From High Springs—Brilliant Social Function—Arbor Day Observed by School and Society — Engineer-Preacher Injured—Other Notes.

High Springs, Feb. 4—January closed with a brilliant social function at the home of Mrs. E. K. Anderson complimentary to Mrs L. C. Gracy of Gainesville, and her charming sisters, Mrs. Cora Brantly and Miss Winnie Stephens of Troy, Tenn. The hostess was assisted by her sister, Miss Anna Laird and Mrs. H. McL. Grady, in the reception and entertainment of the guests. The rooms were tastefully decorated with flowers and bunting, and all presented a beautiful and festive appearance. A series of pleasant games were introduced by Mrs. Grady, which added much to the entertainment of the numerous and happy guests.

Arbor Day was observed by the High Springs school, and also by the New Century Club in planting trees, and a program of exercises. It was all carried out with fine order, and the children entered enthusiastically into the spirit of the occasion.

Dr. Huntly, the preacher-engineer, suffered a painful accident a few days ago, he having his forefinger cut off by a steam valve of his engine. His many friends regret it deeply.

Rev. J. L. Yeats, the pastor of the Methodist church here, moved his family into the parsonage Thursday.

A very sad accident occurred at Cadillac, a few miles from High Springs, Friday morning. An engine ran into an open switch, overturning it and killing the fireman and brakeman.

CATARRH GROWING LESS.

Due to the Use of Hyomei—Cures Without Stomach Dosing.

Inquiry at the local drug stores shows that the sale of remedies for catarrh has decreased very much in the last year. Some medicines which were formerly bought a gross at a time are now purchased in half dozen lots, and are rarely called for.

There is one notable exception to this decrease in sale, and that is Hyomei. This remedy is, in fact, responsible for the decrease in sale of catarrh medicines, as it has made so many cures of catarrhal troubles that naturally there is much less demand for remedies for that disease.

People who have been trying different medicines for catarrh during many years were induced to begin the use of Hyomei by J. W. McCollum & Co's. guarantee that this remedy would cost nothing unless cured. Much to their surprise they found that Hyomei did what it claimed (if it did not they could not sell it under this guarantee) and they soon become ardent advocates of the use of Hyomei.

There is no disagreeable stomach dosing with Hyomei; it is used by being breathed through a neat pocket inhaler. The complete outfit costs but one dollar; extra bottles, if needed, fifty cents.

With every Hyomi outfit J. W. McCollum & Co. give their personal guarantee that the money will be refunded unless the treatment cures, so that you run no risk at all in buying this reliable remedy.

Compiler of Greek Laws.

Muscogee, Feb. 4.—Arthur McKellog, a compiler of Greek laws, and one of the signers of many important Indian treaties with the federal government, died at his home here on Friday night.

MEN ARE MANGLED BEYOND RECOGNITION

Twenty Four Corpses Have Been Recovered.

THIRTY BODIES ARE YET IN MINE

Nakhill Mine Victims Slowly Being Recovered—Another Guage Is Now Being Operated to a Depth of 60 Feet in the Ruins.

Charleston, W. Va., Feb. 2.—Twenty-four bodies, all mangled beyond recognition, have been removed from the Stuart mine at Nakhill, and it is now believed that the new guage will be running in good shape and that it will be possible to get out at least a good portion of the other fifty bodies of the unfortunate men, which are certain of being in the mine.

The rescuers have penetrated to about 60 feet, in depth, and now hold out no hope in the least for any of the men in the mine being alive.

About thirty bodies is the estimate of the number at the bottom of the shaft, and all of these are being removed as fast as uncovered.

Edward Hipple Commits Suicide.

Philadelphia, Pa., Feb. 2.—Edward P. Hipple, a brother of the late Mr. Frank Hipple, who ended his life last summer, after wrecking the real estate trust company of this city, of which he was president, committed suicide at his home here Friday with a revolver. Mr. Hipple's family was at breakfast when he committed the deed. His wife heard an unusual noise and sending her sons upstairs to investigate they found their father in his bed room with a bullet wound in his head. He was hurried to a hospital but died on the way. Mr. Hipple was about 70 years of age, and had been in the real estate business. The police say they have not yet learned the cause for the deed, but believe he brooded over the tragic ending of his brother's life.

CUTICURA REMEDIES IN ALL PARTS OF PARISH

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much, and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. SOUTHERN MAN CURED

Of a Terrible Eczema by Cuticura in Six Weeks.

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse it seemed to get. I kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and I at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Stelljes, 132 Spring St., Charleston, S. C., June 12, 1906."

Two novel features will be a tennis court on the upper deck and a swimming pool 75 by 25 feet on one of the lower decks. The steamer will be 750 feet long, 80 feet beam and have a displacement of about 42,000 tons.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Husband Kills Lady Cuthbert.

London, Feb. 2.—Lady Dorothy Cuthbert met with a tragic death at the hands of her husband during a pleasant shoot at Beaufort castle, in Northumberland. The victim was only 2 yards distant from her husband, Captain James Harold Cuthbert when his gun was accidentally discharged. The charge entered her head and she fell dead on the spot. Lady Dorothy was a daughter of the present Earl of Stratford, who married Mrs. Samuel Colgate, of New York.

TOUCHED FOR $1,500,000.

Standard Oil Man Must Pay for Gas Dealings.

Boston, Mass., Feb. 2.—A compromise settlement of the suit of George Wharton Pepper, the receiver of the Bay State Gas Company, of Deleware, against Henry H. Rogers, of New York, to recover profits of between $3,000,000 and $4,000,000 for the sale of several Boston gas companies, was annnounced in the United States circuit court Thursday. An agreement reached by both sides was submoitted to Justice Putnam, who, although he had stated that, so far as he was concerned, "there would be no trouble," declined to give his formal assent to the settlement until amended and satisfactory petition was presented at a hearing set.

Under the terms of a compromise agreement, which was submitted to the court, Receiver Pepper accepts an offer of $1,500,000 from Randall Morgan, treasurer of the United Gas company of Philadelphia, including an abandonment of the claims of the Bay State company against Mr. Rogers, and in consideration also of stock in the Buffalo Gas company. This stock amounts to about 30,000 shares. Mr. Morgan acts for Mr. Rogers in the settlement. The scheme of Receiver Pepper was to secure profits alleged to have accrued to Rogers through the sale of stock in the various Boston gas companies to interests representing the New England Gas and Coke company, while Mr. Rogers was serving as trustee of the Bay State company. It was claimed that by virtue of this trusteeship he was enabled to make vast profits which Receiver Pepper contended rightfully belongs to the Bay State company.

RHEUMATISM

WORSE FROM YEAR TO YEAR

The cause of Rheumatism is an excess of uric acid in the blood, brought on by indigestion, chronic constipation, weak kidneys and a general sluggish condition of the entire system. The refuse and waste matter of the body is not carried out as nature intends, but is left to ferment and sour and generate uric acid, which is absorbed into the blood. The first evidence of Rheumatism is usually little wandering pains in the muscles and joints, or a tender, sensitive place on the flesh. These are often so slight that nothing is thought of them and they pass away; but with each recurrence the trouble becomes more severe, and from slight wandering pains and excited nerves, Rheumatism grows to be a painful and almost constant trouble. The longer the poison remains in the blood the firmer hold the trouble gets on the system. Each day the acid deposit is increasing and the disease grows worse from year to year. After awhile the joints become coated with a corrosive substance which seriously interferes with their working and movements and sometimes they become permanently stiff and useless. S. S. S. cures Rheumatism by going down into the blood and attacking the disease at its head. It neutralizes the poisons and acids and dissolves the salts and irritating deposits, making the blood stream pure, fresh and healthy. S. S. S is made entirely of roots, herbs and barks, and is therefore a safe remedy. When the blood has been purified by S. S. S., the pains and aches pass away, and the cure is permanent. Book on Rheumatism, and medical advice free.

Twenty-eight of the thirty new Senators have been chosen and nearly every Republican elected has a trust string tied to him. What do you think of that for a reform record to go before the people upon?

An undertaker out in Louisiana is dead as the result of using the embalming needle too carelessly in preparing a corpse. From this it is apparent that the embalming needle is equally effective in destroying, as well as preserving.

President Roosevelt declared at the Gridiron dinner that "All coons look alike to me," but when the coons vote at the next election those that bolt the Republican ticket will look as black as the ace of spades to the political managers of the g. o. p.

If it cost an individual as much in proportion to "shoot off" his mouth as it costs the government to shoot off one of the big guns on the modern battleships, there would no doubt be a great decrease in slander, and the world would be happier and better for it.

Mr. Rockefeller and the Interstate Commerce Commission do not seem to be able to agree on the facts in the case. Mr. Rockefeller says he has done nothing wrong, but the Commission charges the Standard Oil trust with being guilty of the worst crimes in the decalogue.

While Sister Russell Sage is distributing her money so generously among institutions of learning, it would not be a bad idea to attract her attention to this section of the country—not because of lack of educational facilities, but for lack of money to run them in some sections.

That noted Republican patriot, Harriman, the railroad man, charged the California fruit growers the same freight to New York as to Europe, so consumers in the Eastern States pay as much as the the foreigners do although they are thousands of miles nearer the point of production.

Hon. Frank Clark, Congressman of the Second District, is making the hearts of his constituents who are inclined to agriculture happy by the free and generous distribution of seeds of many varieties. Congressman Clark never fails to look after the interests of those he represents, in any department.

It is probably a waste of time for those Republicans who think some of the tariff schedules are too high to urge a special session of Congress, for the standpatters have a majority and will re-elect Cannon speaker. Real tariff reform will never be accomplished by those who believe that the tariff must continue to protect the trusts.

President Roosevelt has come around to the plan of Senator LaFollete that it will be necessary to take a general valuation of the railroads before the reasonableness of rates can be equitably decided. There is no doubt that such a valuation of tangible railroad property is an essential factor for a broad and effective scheme of public regulation of rates. But how we will have to watch those assessors.

SECRET SOCIETIES.

What is the moral effect of Free Masonry, Odd Fellowship, Knights of Pythian, Elks, and the numerous secret societies upon the home? Solomon, the wise man, said: "Discover not a secret to another," and he had good reasons for laying such an injunction, for in his time, as at the present, there were people too much disposed to tell all they knew. One half the trouble in every community comes from the fact that so many people have not the capacity to keep their mouths shut. We have two ears, but only one tongue, which is suggestive of the fact that we should hear more than we tell. By the power of a secret divulged, families, churches, neighborhoods and even nations fly apart. By the power of a secret kept, great charities, reformatory movements and Christian enterprises may be advanced. It is an often discussed question whether associations that have their work with closed doors, and admit their members with pass words, and greet each other with a secret grip, are right or wrong. Our answer is that it depends entirely upon the object for which they meet. If it is to pass the hours in revelry and obscene talk, or to plot trouble to the State, then we say with emphasis that it is wrong. But where the object is the improvement of the mind, the enlargement of the heart, the defense of the government, then we say with just as much emphasis that they are a blessing. There is no need that those who plan for right over wrong should publish to the word their intentions. Secrecy of plot and execution are wrong only when the object and ends are nefarious. Every family is a secret society, every business firm and every banking institution. Then men who have no capacity to keep a secret are unfit for positions of trust anywhere. Secret societies have done incalculable good. Some of the secret societies have poured a very heaven of sunshine and benediction into the home of suffering. Some of them are founded in fidelity to good citizenship and the Bible. Christ has given us a rule by which we may judge, not only all individuals, but all secret societies. "By their fruits ye shall know them." Bad societies make bad men. Good societies make good men. A bad man will not stay in a good society and a good man will not stay in a bad society. Test these societies by two or three rules. Their influence on home. That wife soon loses her influence over her husband who looks upon all evening absence as an assault on domesticity. That wife who becomes jealous of her husband's attention to art, or literature, or religion, or charity, is breaking her own scepter of conjugal power. But let no man sacrifice home life to secret society life, as some do. Some men are as genial as angels at the society room and as ugly as sin at home.

REPUBLICAN SCANDALS.

Another Republican idol seems to be in need of a coat of whitewash if the report is correct in The Washington Post, which says:

"The attack made by Judge Green of the Fifteenth Iowa judicial circuit on Speaker Cannon the other day has attracted some attention at the capitol. In an open statement Judge Green flatly accused 'Uncle Joe' of accepting money from the whiskey people to prevent the reporting of the Hepburn-Dolliver bill, which gives to each State the power to control its own whiskey traffic, from the House Judiciary Committee."

What makes the matter look serious is that Speaker Cannon refuses to allow the charges to be investigated by the House and evidently intends to ignore the scandal. One of the Representatives who was especially incensed at Judge Green's attack upon Speaker Cannon suggested that as the "Hepburn-Dolliver bill was reported from the Judiciary Committee yesterday, will not Judge Green think that it was due to his attack on the Speaker."

When will these constant tales of grafting and frauds by Republican officials be ended, for no administration has been so prolific of scandals as the present one.

Congressman Longworth declares that the President will strongly oppose the nomination of a reactionary as his successor and being the President's son-in-law he no doubt is in his confidence. Longworth further declares that a reactionary is "a man who would not follow in the line of the President's policies." That knocks out Fairbanks and Cannon and most of the other candidates. It would seem hardly necessary for the Republicans to hold a national convention and it would save lots of time and money to let President Roosevelt select the Republican candidate and write the platform.

It is significantly noted from the report of school apportionment recently issued from the office of State Superintendent of Public Instruction Holloway, that Alachua county comes well to the front in the matter of education, as in everything else, being fifth in importance in the long list. The average attendance for the scholastic year was 4,371, and the amount apportioned $1,704.68.

The Standard Oil trust on January 27th advanced the price of all its oils in barrels. If the court convicts the trust on those hundreds of indictments, where will the price of oil soar to?

Let me tell you that every misery I miss is a new blessing.—Walton.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. ALABAMA BALKS AT ROOSEVELT

Senate Refuses to Endorse the Action Taken on Brownsville.

Montgomery, Ala., Feb. 2.—The Rattray resolution commending President Roosevelt for discharging the negro soldiers for the Brownsville incident, after being handballed from the house to the senate for over a week, was pocketed Thursday by the senate, when it was referred the third time to the committee on rules, with the understanding that it will stay there.

Before its reference, Senator Moody, a banker, of Tuscaloosa, 14 years a member of the senate, made a sharp reply, criticising the president for his alleged overthrow of the constitution on many occasions. He assailed the president sharply for his "unconstitutional ad to the aPnama government," intimating that Washington supported a revolution, and declared there was grave doubt, if the president had authority to discharge soldiers from the army.

"We go too far in endorsing the acts of such an official," said Senator Moody. "Besides, the passing of resolutions is beyond the scope of the senate's authority."

Representative Rattray, of Cherokee, author of the resolution, was a colonel of the Fifty-seventh Illinois regiment, in the war between the states. He is a lifelong democrat, and a citizen of Alabama forty years.

Baby Is Left on a Porch.

Atlanta, Feb. 2.—A 3-year-old white baby was left on the front porch of 54 Walton street, the residence of Mrs. J. W. Gwin, at 7:30 o'clock Thursday night. The child is at present in the care of Mrs. Gwin, and will remain with her until some provision is made for it. The parents are unknown. According to Mrs. Gwin, a cabman drove up to her door shortly before the time the youngster was left to her care, and asked for 42 Walton street. She told him her number was 54, and closed the door. It is stated that earlier in the night a white man and woman went to the Home for the Friendless and tried to leave a child there. The officers think it possible that the child is the same one.

BABE BITTEN BY A MAD DOG.

One of Three Children Is Brought to Pasteur Institute.

Tifton, Ga., Feb. 2.—J. M. Ray, of Lenoir, in Berrien county, 14 miles south of Tifton, carried three of his children to Atlanta that were supposed to have been bitten by a mad dog, for treatment at the Pasteur institute, one of the children bitten being a babe 9 months old.

After the child was bitten, the family suspected the dog, and by watching him, thought he showed symptoms of rabies. The dog was killed and the head shipped to Atlanta for examination.

The next day Mr. Ray received a telegram from the institute that the examination of the animal showed that it was mad, and advised him to bring the children to Atlanta at once. He left immediately for Atlanta, carrying his wife and six children.

He has now returned home, accompanied by three of his children, leaving the three that had been bitten at the institute for treatment, his wife remaining with them. Physicians at the institute think that, by reason of the prompt action taken, the three children which were bitten can be easily cured.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

MANY PEOPLE ARE LEAVING THEIR HOMES

Holly Bush Levee Yet Remains Intact.

STRENGTHENING WEAK POINTS

Northern Portion of City Is Flooded from Waters of the Break in Auxiliary Levee—Steady Downpour in the Vicinity of Memphis, Tenn.

Memphis, Tenn., Feb. 2.—Many people are moving from their homes in the nothern part of this city as a result of a break in the protection levee built by the city of Memphis one year ago. The levee gave way early on Friday morning, and the district of North Popular Boulevard and west of Fourth street is now under 2 feet of water. If the river reaches a stage of 41 feet, which seems probable, a larger area near the business portion of the city will feel the effects of the flood.

Advices from Marion, Ark., state that the levee at Holly Bush remains intact although a break is expected to occur at any hour. The water is lapping the top of the structure and a large force of men are busily engaged in strengthening the weaker portions.

Should a crevasse occur at Holly Bush, the entire St. Francis basin in Arkansas would receive the rush of waters.

At Helena the main levee remains intact. The northern part of that city is flooded from the break in the auxiliary levee which accurred Thursday, and people living in that section have been housed elsewhere.

A steady downpour of rain was reported in the vicinity of Memphis Thursday night. The river Friday morning marked 39.8 feet, a rise of eight-tenths since Thursday.

New Orleans, Feb. 2.—The United States cruiser Des Moines sailed up the river for Natchez Friday morning. The vessel was to have remained in port until Saturday but because of prevailing bad weather here Captain Culver deemed it best to get under way. The Des Moines will remain at Natchez until February 14 or 15.

Charleston, Mo., Feb. 2.—News has reached here that the overflowed Mississippi river which is filling with great blocks of ice, has swept away two residences and the school house at Dorent, a village 25 miles from here. It is not known whether there was any loss of life.

King's Auto Stopped.

Paris, Feb. 4.—An automobile belonging to King Edward was stopped on the avenue de L'Opera for exceeding the speed limit. His majesty was not in the car. The chauffeur and a mechanic, who were on the machine, were taken before a magistrate, but later they were released.

Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

Mrs. J. C. Jenkins, Denver, Colo., writes; "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root *Helonias Dioica*, which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea, suppressed or absent monthly periods, arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

BREAK UP WHISKY ORDERS.

Dublin, Ga., Council Fighting Local Telephone Company.

Dublin, Ga., Feb. 4.—The Dublin Telephone and Telegraph company has furnished the city authorities with a copy of the franchise re-established in the superior court of Laurens county at the July term, 1903, and which purports to be a franchise granted by the city council of Dublin, on the 20th of Dec., 1897. The minutes of the city council show that on that date privilege to use the streets of the city was granted to the Dublin Telephone company, but the franchise as re-established does not appear on the minutes. The city's fight on the telephone company is for the ppurose of endeavoring to break up the whisky orders sent to Macon every day. The city authorities believe that the telephone company is standing between the purchasers of whisky and houses of Macon.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, cold and croup, to which children are susceptible, are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by all druggists.

Cheney Caught in Florida.

Valdosta, Ga., Feb. 4.—Sheriff Passmore has received a telegram from Sheriff Graham, of Inverness, Fla., stating that Newt Cheney, who is charged with murdering Lovett Lane in this city about Christmas, had been arrested at that place. Sheriff Graham has been requested to bring Cheney here for trial. The killing occurred about one mile from the city during a game of cards.

BOY TAKES HIS OWN LIFE.

Ralph McMichael Kills Self to Escape School.

Jackson, Ga., Feb. 2.—Ralph, the 11-year-old son of J. A. McMichael, of this place, committed suicide by shooting himself with a single-barrelled shotgun.

The little fellow pulled off his shoe and pulled the trigger with his big toe. He held the muzzle of the gun to his breast. The cause of the killing, as told by his father, follows:

"My boy had diabetes, and the teacher of the public school in whose room he stayed, refused him permission to leave the school room. The boy went without permission, and she severely chastized him. He left the school, and went to the country and spent the day with relatives. When he came home last evening I told him he must go back to school. He cried and begged me not to make him go back to school, saying he could not stand the severe punishment the teacher would administer.

"I would not yield to his demands that he go back to school on Thursday morning. Seeing he must go, he stole away in the room, and shot himself."

Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other hurtful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

Gave Louisiana to Hayes.

New Orleans, La., Feb. 2.—H. E. Herwig, a leading political figure of the south during reconstruction days, and the man who is reputed to have influenced the Louisiana delegates so as to swing the winning votes for president Hayes during the Hayes-Tilden contest in the electoral college, died here Thursday. Mr. Herwig was a former chairman of the republican state committee, and also republican national committeeman. He was a stockholder in the old Louisiana lottery, and was wealthy. Mr. Herwig was 70 years old.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed, and neighbors predicted that I would never leave it alone; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one-dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed at all druggists'. 50c and $1.00. Trial bottle free.

He says he is willing to stand the test with any white man. He was offered positions by President Harrison and Senator Hanna. White citizens of Cincinnati are indignant and it is rumored that every white man in office will resign the moment Tyler is appointed.

John G. Dampier of Hague and W. J. Matthews of Donnie, members of Board of County Commissioners, are in the city for the purpose of attending the meeting of the board today.

Yesterday was a regular March day, the wind being high and very disagreeable, filling the eyes of pedestrians with the fine dust from the streets. About sunset a rain set in, which became harder at the supper hour and continued for some time.

The family of Robt. L. Higdon have removed to this city from Roanoke, Va., and are now pleasantly located in a cottage, 201 W. McCormick street. Mr. Higdon formerly resided at High Springs, where he was engaged in the mercantile business, but later accepted a position as a traveling salesman.

Tax Assessor W. W. Colson and Collection W. D. Dickinson have returned from their final official visit to points in the East End, and may be found in future at their respective office desks. Both officers report the condition of the people of the county in better shape than for several years, which is the best evidence that the whole county is prosperous, as the same reports come from the West End.

J. T. Manning of Clark, for a long time one of the efficient clerks in the office of the Seaboard Air Line here, but now agent of the Atlantic Coast Line at Clark, spent Sunday with friends in this city. It is understood that Mr. Manning, who has become quite popular in the Clark section, will soon open a general mercantile business there. He is a young man easy to make friends, and in that event he will no doubt make a big success.

Among the visitors to this section for the past few days was George Beck, formerly a trucker of Rocky Point, but who is now residing near Center Hill, where he is engaged in the same avocation. Mr. Beck states that the land in the Center Hill section is fine for trucking, and the prospects are good; but he may return to Rocky Point when the season is over, for he is still attached to Alachua county in general and Rocky Point in particular.

County Judge Mason, probably on account of the continued warm weather, has not enjoyed the business in the matrimonial line he had anticipated, but has issued several licenses to wed recently. Among the latest, which were sent out Saturday, were those of J. W. Hart and Sally Roberts, white, and J. J. Cook and Annie Fleming, colored. The genial Judge hopes soon for a drop in the temperature, as his garden is planted and he hopes to see his professional receipts increase while his seeds grow.

F. W. Weylman, the clever advance agent for C. W. Park's big dramatic shows, left Sunday for Ocala, after a couple of days spent here. Mr. Weylman came to arrange for the appearance of his show here next week, but owing to the fact that the Bible Conference would open on Sunday next, he decided to wait until later. The show, which has been visiting Gainesville regularly for the past three years, will come some time during March. Inasmuch as Mr. Park has a clean show, carrying clean and refined plays, and is himself quite popular here, it goes without saying that he will enjoy a fine patronage.
